NOTE 2 - Summary of Significant Accounting Policies:

Basis of Reporting

The accompanying schedule of revenues and expenditures for the Intercollegiate Athletics Program has been prepared in the format set forth in the NCAA Audit Guide. The purpose of the schedule is to present a summary of those activities of the **Southern University-Baton Rouge Campus (the University)** Intercollegiate Athletics Program for the year ended June 30, 2000.

Because the schedule presents only selected financial activities of **the University**, it is not intended to and does not present either the financial position, changes in fund balances or the current fund's revenues, expenditures and other changes of **the University**.

All activities of the intercollegiate athletics program are reported among **the University's** unrestricted current funds. The unrestricted current funds of the University were audited by other independent auditors.

The accounting principles followed by **the University** in preparing the schedule of revenues and expenditures are as follows:

o Fund Accounting

The accounts of **the University** are maintained in accordance with the principles of fund accounting under which resources for various purposes are classified into funds according to specified activities or objectives. Financial transactions of funds having similar characteristics are combined and reported by fund group. As indicated above, the activities of the intercollegiate athletics program are reported in the unrestricted current funds.

NOTE 2 - Summary of Significant Accounting Policies:  
Continued:

o Basis of Accounting

The schedule of revenues and expenditures for the Intercollegiate Athletics Program has been prepared on the accrual basis of accounting, except that (1) depreciation is not recognized, (2) annual and sick leave are recognized when paid, (3) summer school tuition and fees and faculty salaries and related benefits are not pro rated, but are deferred to the succeeding year, and (4) inventory of the general fund are recorded as expenditures at the time of purchase.

The preparation of the schedule of revenues and expenditures in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Additionally, the excess of revenues over expenditures that a specific intercollegiate athletic program generates is utilized to offset a deficit experienced by another program and are recorded as transfers.

To the extent that current funds are used to finance plant assets, the amounts so provided are accounted for as expenditures.

NOTE 3 - Student Athletic Fees:

An athletic fee of \$90.00 per semester is assessed to full-time undergraduate, graduate and law students who are enrolled on campus and for part-time undergraduate students who are also enrolled on campus. For purposes of the Schedule of Revenues and Expenditures, the student athletic fees have been allocated to other sports and non-program specific activities.

The amount received was calculated by the NCAA in accordance with a distribution formula which is utilized to determine the amount to be remitted to all participating institutions.
